secretariat@geoengineer.org

Software title	ArchWind98
Software Category	Wind Loading
Provider	Sample Agent
Software type	Commercial
Is Featured	No
Price	\$ 40,00

Other Information

Description	This program makes the complex ASCE 7-98 wind load analysis simple. This program makes the complex ASCE 7-98 wind load analysis simple. ArchWind98 provides much more data output than our earlier wind load analysis program. This program provides the ability to obtain wind loads for most of the structure types described in ASCE 7-98.
Rate:	★ ★ ★ ★ ★

Supported Operating Systems:

1/ Win2000

2/ WinNT
